

Optional Extended Warranty

Peace Of Mind

Trane provides the strongest manufacturer's warranty available in the industry. However, all the appliances ever produced are man made, and parts can fail. That is why Trane offers peace of mind with optional extended warranty.

You have the assurance that your system will be serviced and repaired by an independent Trane Comfort Specialist who has access to the most updated knowledge of your equipment.

A variety of Extended Warranty options are available based on the equipment you purchase. You have the option to purchase a coverage period of up to ten years, as well as the possibility to cover existing equipment installed less than 5 years.

Service calls that result in a repair bill are expensive. At today's prices, one service call can easily cost \$300 or more. Imagine what these costs will be five or ten years from now. With Trane's Optional Extended Warranty, you can know today your cost to keep your family comfortable for ten years

If you sell your home, your Optional Extended Warranty can be transferred to the new Owners. This is a very attractive benefit to potential buyers.

If you have failure, simply call your independent Trane dealer, and you can be Confident that your family's comfort will be restored without breaking your budget.
